FOR IMMEDIATE RELEASE

## **Global Data Consultants, LLC Embarks on Vendor Managed Inventory for Computer Deployment**

Chambersburg, PA – June 30, 2005 - Global Data Consultants, LLC (Global Data) recently launched Vendor Managed Inventory (VMI), a formal process of the full lifecycle of computer desktop deployment. The VMI service arranges all aspects of the deployment and recovery process. Global Data has refined the procedure to a repeatable service to support their client base locally and regionally. Currently, over 1000 PC's are processed annually. VMI can be expanded to cover peripherals and can be customized for any client, both domestic and international.

### **About Global Data Consultants, LLC**

Global Data, a Microsoft® Certified Partner, has been a leading Information Technology service provider since 1995 with technical facilities located in Chambersburg and Harrisburg, PA. With experienced and certified consultants, they provide services in the areas of project management; help desk support; application development; networking and infrastructure; creative design; and business process consulting. These services are provided to companies both locally and internationally within the manufacturing, distribution, dealership, finance, healthcare, insurance and retail vertical markets.

Global Data is committed to employing only the best talent in order to deliver the highest quality technical services. As a result, Global Data's highly trained workforce delivers customer service excellence to its client community.
